SAUNA MANUAL

HL-100SN  HL-200SN  HL-300SN

HL-400SN  HL-500SN
Dear Customer,

Congratulations on your purchase of a SunRay traditional series sauna. We are confident that you will enjoy the many benefits of using the sauna for years to come.

Carefully and thoroughly read this manual in its entirety before using the sauna for the first time. We recommend keeping this manual for regular review and future reference.

We use only the finest materials coupled with state-of-the-art construction and the highest safety standard in the industry. We hope you will be pleased at the noticeable effects on pain relief, weight control, skin stimulation, and stress reduction due to an increased blood circulation when using the sauna.

The whole team is looking forward to serving your needs.

Operating Parameters:

1. Temperature from 0°C~80°C (32 °F ~+176 °F)
2. Relative humidity ≤85%
3. Depression: 700~1060 hpa
4. Main supply: AC 240V, 30 Amp
   Frequency: 50Hz±1
5. For household use only

General technical characteristics:

Temperature adjustable from 0°C~80°C

Time setting: 0-4hours

Packaging and Individual Panel Information

The sauna comes packaged in 3 boxes:

PLEASE FIND OUT THE SAME NUMBER OF THE CARTON BOX.

FOR EXAMPLE: "NO.001  1 OF 3"  FIT  "NO.001  2 OF 3"  FIT  "NO.001  3 OF 3 " on carton package .

THEN YOU CAN ASSEMBLE OUR SET VERY EASILY.

NOTE: PLS DO NOT MIX PACK (MEANS PARTS FROM DIFFERENT Number BOXES CAN NOT BE INSTALLED TOGETHER, OR EXCHANGED ).

Assembly Instructions

Assembly of the sauna requires at least 2 adults to complete. Please read the instructions thoroughly before and during assembly to ensure proper installation of the unit. If you encounter any problems or have questions during assembly, please feel free to call our Customer Service or local dealers.

The Assembly as following is for the models: HL-100SN,
HL-200SN, HL-300SN, HL-200SN as an example.

1. Place bottom panel.

Place the Bottom Panel on the ground.

2. Place back panel on bottom panel.

Connect the Back Panel to the Bottom Panel by lining up the Back Panel on the groove of the bottom panel.

Keep in mind that the back panel will not have enough support until the side panels have been installed in place.

3. Connect left panel and back panel with screws.
4. Connect right panel and back panel with screws.

5. Connect front panel and two side-panels with screws, and then place top panel.

6. Place vertical seat panel and then horizontal seat panel.
7. Fasten the wall-mounting rack on the wall by using the screws which come with the rack.

8. Electrical Connections.

The heater may only be connected to the electrical network in accordance with the current regulations by an authorised, professional electrician.

9. Install the stove.

Lift the heater to the rack on the wall so that the fastening hooks of the lower part of the rack go behind the edge of the heater body. Lock the edge of the heater onto the fastening rack by a screw.
10. Place safety railing around the heater with screws.

11. Install light as following:

12. Install the temperature sensor.

Install the temperature sensor on the wall of the sauna room above the heater. It should be installed on the lateral centre line of the heater, 100 mm down-wards from the ceiling.
The Assembly as following is for the models: HL-400SN, HL-500SN, HL-400SN as an example.

1. Connect two front side panels to front panel as below.

2. Connect two middle side panels to front side panels as below.

3. Connect two side panels to middle side panels as below.

4. Connect back panel to side panels as below.
5. Place top panel.

6. Place ground panels as below.

7. Place low vertical seat panel and high vertical seat panel.
8. Place low horizontal seat panel and high horizontal seat panel.

9. Fasten the wall-mounting rack on the wall by using the screws which come with the rack.

10. Electrical Connections

The heater may only be connected to the electrical network in accordance with the current
regulations by an authorised, professional electrician.

**Warnings**

1. This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they
have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.

2. Children should be supervised to ensure that they do not play with the appliance.

3. If the supply cord is damaged, it must be replaced by a special cord or assembly available from the manufacturer or its service agent.

4. Do not hang clothes to dry in the sauna, as this may cause a risk of fire. Excessive moisture content may also cause damage to the electrical equipment. Keep away from the heater when it is hot. The stones and outer surface of the heater may burn your skin.

5. Do not throw too much water on the stones. The evaporating water is boiling hot.

6. Consult your doctor about any health-related limitations to bathing. Consult your child welfare clinic about taking little babies to the sauna. - age, temperature of the sauna, time spent in the warm sauna?

7. Be very careful when moving in the sauna, as the platform and floors may be slippery.

8. Never go to a hot sauna if you have taken alcohol, strong medicines or narcotics.

9. Do not place pets in the sauna.

**Detail instructions for use see the sauna stove manual please!**

**Limited Warranty**

We warrants the sauna to be free of defects in material and workmanship.

1) Heaters 18 months

2) Workmanship 18 months

3) Electrical Components 18 months

This warranty extends only to the original retail purchaser of the sauna and terminates upon
transfer of ownership. Freight charges to and from the customer are the responsibility of the
customer. This includes freight charges for parts shipped to enable the services of your
sauna.

This warranty is void if the sauna has been altered, misused, or abused. Such instances shall
include operation or maintenance of the sauna in deviation to the published instructions.
The warranty extends only to the manufacturing defects and does not cover any damages
resulting from mishandling of the product by the owner.

We shall not be liable for the loss of use of the sauna or other incidental or consequential
damages. Under no circumstances shall we or any of its representatives be held liable for
injury to any persons or damages to any properties. Some states do not allow exclusion or
limitation of incidental or consequential damages, so the above limitations or exclusions
may not apply to you. This warranty gives you specific legal rights, and you may also have
other rights that vary from state to state. Specifications are subject to change without
notice.
